

In Memory of Dr. Arthur Furst

It is with great sadness that we acknowledge the passing of our beloved Dr. Arthur Furst,
Founding Member of the GNLD Scientific Advisory Board.

Dr. Furst's contributions to the GNLD family cannot be overstated, and he will be
dearly missed.

A memorial fund has been established to honor the memory of Dr. Furst and his many accomplishments.
It will be executed in conjunction with a fund he personally established at the Stanford University Health
Library in memory of his wife, Florence. Proceeds from the fund help provide families of critically ill
patients with health information, guidance, and support. Should you wish to make a donation
in Dr. Furst's honor, you can do so by sending it to:
